## **COLUMBUS WASH DRAINAGE IMPROVEMENTS**

### **BELVEDERE AVENUE AT SENECA STREET TO RE-OPEN**

#### **CLOSURE OF BELVEDERE AVENUE AT PIMA STREET**

Dear Neighbor,

Clear Contracting has been contracted by the City of Tucson to complete the Columbus Wash Drainage Improvement Project which includes improving the drainage on Catalina Avenue and Belvedere Avenue by installing a new underground drainage system between these two streets and utility improvements (sewer and water) at various locations on Catalina Avenue, Belvedere Avenue, and Lester Street.

#### **Closures and Restrictions are as follows:**

##### **Belvedere Avenue/Seneca Street Closure:**

- The work at Belvedere Avenue, just south of Seneca Street will be complete and re-opened prior to the closure at Belvedere Avenue and Pima Street (detailed below).
- Unforeseen issues or weather could affect this schedule.

##### **Catalina Avenue/Lester Street Closure:**

- The intersection of Catalina Avenue and Lester Street will reopen to traffic prior to the closure detailed below.

##### **Belvedere Avenue/Pima Street Closure:**

**The following work will begin during the week of January 16<sup>th</sup> and continue for approximately two (2) weeks. Watch for advance warning signs to alert you to the start of construction.**

- Crews will be installing a large underground drainage box culvert in Belvedere Avenue at Lester Street. The work extends north and south on Belvedere Avenue and the work will take approximately two weeks to complete. Because of the depth of the excavation, a closure of Belvedere Avenue from just north of Pima Street to just north of Lester Street will be necessary.
- Residents on Lester Street, east of Belvedere Avenue, can access northbound Belvedere Avenue only. Residents on Lester Street, west of Belvedere Avenue, can only access Catalina Avenue to the west.
- Driveways will not be permanently blocked at any time. Access may change as the work continues
- Motorists traveling northbound or southbound on Belvedere should consider Columbus Blvd., Catalina Avenue or Swan Road to avoid the closure.
- Your utility service (water, sewer, electricity) will not be affected.
- **Unforeseen conditions or inclement weather could extend the work.**

We appreciate your patience during this work. If you have any questions about this project, please call Nanette Pageau at (520) 885-9009 or Chris Hoey at Clear Contracting at (520) 784-8433.
