BENEFITS OF EXPRESS LEFT

- ✓ Reduces vehicle-pedestrian conflicts
- ✓ Reduces left turn vehicle-vehicle conflicts
- ✓ Improved travel time
- ✓ Less pedestrian crossing distance
- ✓ Less idle time = better air quality

Drive straight through the main intersection in the left turn lane

1

Watch for cyclists and pedestrians

3

Turn right and merge at the main intersection

Pull into the left turn lane, then make a U-turn at this median traffic signal

2

EXPRESS LEFT TURN
HOW IT WORKS

GRANT RD

RTA
Regional Transportation Authority

(520) 624-4727 • grantroad.info • information@grantroad.info

This is a Regional Transportation Authority project that is funded by the RTA and the City of Tucson and is part of the voter-approved \$2.1 billion RTA plan that will be implemented through June 30, 2026. For plan details, visit www.RTA mobility.com. This project is managed by the City of Tucson.
