

Grant Road IMPROVEMENT PLAN

PHASES 5 & 6 – FREMONT AVE to SPARKMAN BLVD

April 2023

The final phases of the Grant Road Improvement Plan will enhance the roadway between Fremont Avenue and Sparkman Boulevard. This Regional Transportation Authority plan project is managed by the City of Tucson. The design for Phases 5 & 6 is underway to prepare for reconstruction of this segment of Grant Road.

When complete, the east-west corridor will greatly improve regional mobility by adding a travel lane in

each direction and include significant enhancements to improve transit, bicycle and pedestrian use, and safety.

New and wider sidewalks, more signalized crosswalks, improved bicycle lanes, and enhanced landscaping will invite both pedestrian and bicyclist use, and improve the appearance of Grant Road. A median and managed access to businesses will improve safety; while new local frontage roads will provide a safer and easier way to get to and from residences in congested areas.

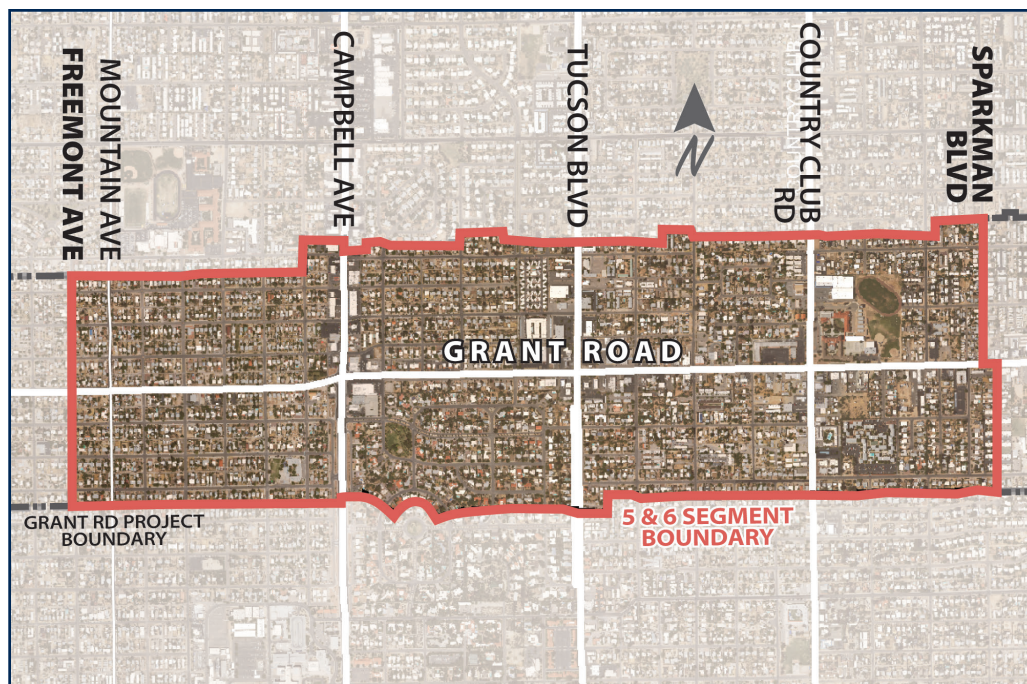

Preliminary Construction Cost Estimate: \$50,000,000 (excludes property acquisitions)

Project Schedule

- Engineering Design: 2020–2024
- Construction: TBD

Key Project Features

- 6 vehicular travel lanes
- Raised median
- Indirect left turns at Campbell Avenue
- Buffered bike lanes
- Sidewalks on each side of Grant, 5-ft to 8-ft width
- Protected bike/pedestrian street crossings
- Transit accommodations including pullouts, shelters
- Water harvesting and other sustainability features

The Regional Transportation Authority, a political subdivision of the state and independently governed, has invested more than \$1.4 billion in transportation projects and services to improve mobility, safety, economic vitality and quality of life in the region. The RTA collects a half-cent excise (sales) tax from its special taxing district within Pima County to fund its 20-year regional transportation plan. The plan and tax were approved by voters in May 2006. The Grant Road Improvement Plan project is part of the RTA plan and is managed by the City of Tucson. For more information, visit RTAmobility.com.
