

Grant Road IMPROVEMENT PLAN

GRANT ROAD PHASES 3 & 4

UTILITY POTHOLING - East of Country Club to West of Swan

October 23, 2017

Design work for the **Grant Road Improvement Project, Phases 3 and 4 - Alvernon Way to Swan Road** continues to progress.

Beginning on **Monday, October 23rd through Wednesday, November 22nd**, the contractor will conduct pothole operations. Intermittent travel restrictions along Grant Road will occur during daytime and evening hours from **east of Country Club (Sparkman Boulevard) to west of Swan Road (Venice Place)**. Some adjacent side streets in this area will also have intermittent restrictions.

Utility potholing enables the designers and contractor to determine the depth of the existing underground utilities.

During this work, the traveling public can anticipate intermittent travel lane shifts and single lane closures. The speed limit will be reduced to 25 MPH in areas of lane closures.

Please obey all traffic control signs and watch for construction personnel and equipment in the work zone. The schedule is subject to change due to equipment malfunction or inclement weather.

We look forward to working with you throughout the project, and encourage any feedback. The Project Team is dedicated to delivering a beneficial project for the entire region, on behalf of the City of Tucson and the RTA. If you have any additional questions or comments, please call the Grant Road Information line at (520) 624-4727 or email information@grantroad.info.

Sincerely,

Grant Road Phase 2 Project Team
