

# Grant Road IMPROVEMENT PROJECT

## Phase 2 - Stone Avenue to Park Avenue

### Northbound Stone Avenue Weekend Closure at Grant Road *Friday, October 20 through Monday, October 23*

#### Through Travel Prohibited at Grant Road

October 17, 2017

Through travel on Stone Avenue at Grant Road will be prohibited beginning at 7 p.m., on Friday, October 20, 2017 through 4 a.m. on Monday, October 23, 2017.

# Grant Road IMPROVEMENT PLAN

## Grant/Stone Intersection – Closure with Traffic Shift

October 20, 7 p.m. – October 23, 4 a.m.

Northbound Stone Avenue will be open to local traffic at Drachman Street. No through traffic will be permitted at the Grant Road intersection. The designated detour route for northbound traffic will be eastbound and westbound on Drachman Street; however, local traffic needing access to residents and businesses in the area will be permitted to travel south on Stone Avenue to Sahuaro Street.

Southbound Stone Avenue through traffic at the Grant Road intersection will not be permitted. Motorists will be required to turn east or west at the Grant Road intersection. The designated detour route for southbound through will be eastbound and westbound on Glenn Street.

The closure will allow crews from Markham Contracting, under contract with the City of Tucson Department of Transportation (TDOT), to install an underground storm drain system at the intersection, as well as new water lines and new manholes.

Eastbound and westbound travel on Grant Road at Stone Avenue will be permitted, but travel is reduced to one-lane in each direction from east of Oracle to just east of First Avenue. Left turns in the construction zone are allowed only at signalized intersections except for north on Stone Avenue during the weekend closure. Tucson Police officers will be on site to help direct traffic if necessary. Pedestrians are urged to avoid crossing at the Grant Road and Stone Avenue intersection during this weekend closure. For safety considerations, bicyclists should avoid the construction area.

Work to widen Grant Road from Stone Avenue to Park Avenue began in March. The improvements include six vehicular travel lanes, protected bike/pedestrian street crossings, drainage improvements, indirect left turns at Stone Avenue and First Avenue, bike lanes and sidewalks, bus pullouts and bus shelters, and public art. For more information, please visit [www.grantroad.info](http://www.grantroad.info) or email [information@grantroad.info](mailto:information@grantroad.info).

The project is part of the \$2.1 billion Regional Transportation Authority (RTA) Plan, which will be implemented through 2026. The multimodal plan, nearly halfway through implementation, includes roadway, safety, transit, environmental and economic vitality improvements. This project is managed by the City of Tucson. Details about the RTA plan are available at [www.RTAmobility.com](http://www.RTAmobility.com)

**The traveling public can expect delays when driving in this work area. Please obey all traffic control signs and watch for construction personnel and equipment in the work zone.**

We look forward to working with you throughout the project, and encourage any feedback. The Project Team is dedicated to delivering a beneficial project for the entire region, on behalf of the City of Tucson and the RTA. If you have any additional questions or comments, please call the Grant Road Information line at (520) 624-4727 or email [information@grantroad.info](mailto:information@grantroad.info).

Sincerely,  
Grant Road Phase 2 Project Team
