

## PARK AVENUE CLOSED NORTH OF GRANT ROAD

*Work to start on Wednesday, February 21, 2018*

---

February 20, 2018

Thank you for your interest in the Grant Road Improvement Project Phase 2.

On Wednesday, February 21, 2018, Park Avenue just north of Grant Road will be closed to travel to allow work crews to pulverize and remove asphalt at the intersection. The closure will be in effect from approximately 6 a.m. to 11 a.m. During the closure, motorists and bicyclists traveling south on Park Avenue will not have access to Grant Road. Glenn Street can be used as a detour. Motorists and bicyclists traveling north on Park Avenue approaching Grant Road will be allowed to turn eastbound and westbound on Grant Road. Through travel will be prohibited during the closure.

Work to widen Grant Road from Stone Avenue to Park Avenue began in March 2017. The improvements include six vehicular travel lanes, protected bike/pedestrian street crossings, drainage improvements, indirect left turns at Stone Avenue and First Avenue, bike lanes and sidewalks, bus pullouts and bus shelters, and public art.

---

The speed limit in the construction zone has been reduced to 25 mph and motorists can expect delays while traveling through the work zone. Please obey all traffic control signs and watch for construction personnel and equipment in the work zone. The schedule is subject to change due to equipment malfunction or inclement weather.

The project is part of the \$2.1 billion Regional Transportation Authority (RTA) Plan, which will be implemented through 2026. The multimodal plan, nearly halfway through implementation, includes roadway, safety, transit, environmental and economic vitality improvements. This project is managed by the City of Tucson. Details about the RTA plan are available at [www.RTAmobility.com](http://www.RTAmobility.com)

The Project Team is dedicated to delivering a beneficial project for the entire region, on behalf of the City of Tucson and the RTA.
