

EASTBOUND TRAFFIC SHIFT HAMPTON STREET TO PARK AVENUE

Work to start on Monday, February 12, 2018

February 9, 2018

Thank you for your interest in the Grant Road Improvement Project Phase 2.

On Monday, February 12, 2018, eastbound travel on Grant Road between Hampton Street and Santa Rita Avenue will be shifted to the south side of Grant Road to allow crews to remove an existing sewer line. The sewer line removal will take place between 7 a.m. and 5 p.m. Following the sewer line removal, eastbound travel on this section of Grant Road will remain in this configuration for the duration of the Grant Road Improvement Project.

Work to widen Grant Road from Stone Avenue to Park Avenue began in March 2017. The improvements include six vehicular travel lanes, protected bike/pedestrian street crossings, drainage improvements, indirect left turns at Stone Avenue and First Avenue, bike lanes and sidewalks, bus pullouts and bus shelters, and public art.

The speed limit in the construction zone has been reduced to 25 mph and motorists can expect delays while traveling through the work zone. Please obey all traffic control signs and watch for construction personnel and equipment in the work zone. The schedule is subject to change due to equipment malfunction or inclement weather.

The project is part of the \$2.1 billion Regional Transportation Authority (RTA) Plan, which will be implemented through 2026. The multimodal plan, nearly halfway through implementation, includes roadway, safety, transit, environmental and economic vitality improvements. This project is managed by the City of Tucson. Details about the RTA plan are available at www.RTAmobility.com

The Project Team is dedicated to delivering a beneficial project for the entire region, on behalf of the City of Tucson and the RTA. If you have any additional questions or comments, please call the Grant Road Information line at (520) 624-4727 or email information@grantroad.info.

Sincerely,

Grant Road Phase 2 Project Team
