

PHASE 2 — STONE AVENUE TO PARK AVENUE

Construction Activities - Stone Avenue to Park Avenue Beginning Monday, March 20 - Little to No Impact to the Traveling Public

March 17, 2017

Thank you for your interest in the Grant Road Improvement Project Phase 2.

On Monday, March 20, 2017, Markham Contracting will begin construction activities, for the City of Tucson and Regional Transportation Authority (RTA), on Grant Road from just west of Stone Avenue to just east of Park Avenue. This first phase of construction will occur on the south side of Grant Road (eastbound). For more information on construction phasing, please [click here](#).

During the first few weeks of construction, Markham Contracting will work away from the roadway, with little to no impact to the traveling public. The contractor will be removing and salvaging landscape material, excavating, relocating/installing utilities, and completing investigative potholing along the south side of Grant Road.

The Grant Road Project Team is committed to providing timely and accurate information throughout this construction improvement project. Please watch for updated traffic information as the construction activities progress.

We look forward to working with you throughout the project, and encourage any feedback. The Project Team is dedicated to delivering a beneficial project for the entire region, on behalf of the City of Tucson and the RTA. If you have any additional questions or comments, please call the Grant Road Information line at (520) 624-4727 or email information@grantroad.info.

Sincerely,

Grant Road Phase 2 Project Team
