

Phase 2 - Stone Avenue to Park Avenue

Construction Activities- Park Avenue Closure & Paving

September 11, 2017

Thank you for your interest in the Grant Road Improvement Project Phase 2.

Beginning at 5 a.m. on Friday, September 15 through approximately 5 a.m. on Monday, September 18, Park Avenue will be closed between Grant Road and Edison Street, in order to ensure the quality of the final roadway. The base layer of materials will be laid Friday, September 15, in advance of paving, which will begin Monday, September 18. Residential access will be maintained from Edison Street.

Beginning Monday, September 18 through Thursday, September 21, from 5 a.m. to 4 p.m., the contractor will pave the new eastbound lanes of Grant Road from just east of First Avenue to Santa Rita Avenue. The contractor will pave the Park Avenue entrance first and then continue to the mainline. Once the mainline is complete, the contractor will pave the remaining side street entrances along the south side of Grant Road. During paving activities, the traveling public can expect the following:

- Additional side streets along the south side of Grant Road will be intermittently closed while the paving equipment moves through the area
- Access will be maintained from surrounding side streets
- The speed limit will be reduced to 25 mph. Expect delays

The traveling public can expect delays when driving in this work area. Please obey all traffic control signs and watch for construction personnel and equipment in the work zone.

We look forward to working with you throughout the project, and encourage any feedback. The Project Team is dedicated to delivering a beneficial project for the entire region, on behalf of the City of Tucson and the RTA. If you have any additional questions or comments, please call the Grant Road Information line at (520) 624-4727 or email information@grantroad.info.

Sincerely,

Grant Road Phase 2 Project Team
