

FINAL PAVING/UTILITY ADJUSTMENT UPDATE

*Paving work to continue until Sunday, September 9 at 6 a.m.
Utility work to start on Tuesday, September 11 at 6 a.m.*

September 7, 2018

Thank you for your interest in the Grant Road Improvement Project Phase 2.

Final paving work on Grant Road from Stone Avenue to Park Avenue will continue through **Sunday morning, September 9, 2018**. Crews are working at night from **6 p.m. to 6 a.m. tonight and tomorrow night (Saturday), into Sunday morning.**

During paving operations, at least one lane of travel in each direction on Grant Road will be maintained. There will be periodic left turn restrictions in place during the paving work.

After the paving work, crews will raise manhole covers and water valve covers level with the new asphalt. The utility adjustment work is scheduled to begin on **Tuesday, September 11, 2018 and is scheduled to be complete by Friday, September 14, 2018**. Crews will work during the day from **6 a.m. to 5 p.m.** During the utility adjustment work, there will be periodic travel lane restrictions to allow concrete to cure around the manhole covers and water valve covers.

Work to widen Grant Road from Stone Avenue to Park Avenue began in March 2017. The improvements include six vehicular travel lanes, protected bike/pedestrian street crossings, drainage improvements, indirect left turns at Stone Avenue and First Avenue, bike lanes and sidewalks, bus pullouts and bus shelters, and public art.

The speed limit in the construction zone has been reduced to 25 mph and motorists can expect delays while traveling through the work zone. Please obey all traffic control signs and watch for construction personnel and equipment in the work zone. The schedule is subject to change due to equipment malfunction or inclement weather.

The project is part of the \$2.1 billion Regional Transportation Authority (RTA) Plan, which will be implemented through 2026. The multimodal plan, nearly halfway

through implementation, includes roadway, safety, transit, environmental and economic vitality improvements. This project is managed by the City of Tucson. Details about the RTA plan are available at www.RTAmobility.com

The Project Team is dedicated to delivering a beneficial project for the entire region, on behalf of the City of Tucson and the RTA. If you have any additional questions or comments, please call the Grant Road Information line at (520) 624-4727 or email information@grantroad.info.

Sincerely,

Grant Road Phase 2 Project Team
