

This project is managed by the City of Tucson.

For more information please visit www.grantroad.info or call the project hotline at 624-4727.

Community Character & Vitality Neighborhood Briefings Samos Neighborhood Association October 18, 2011

10 people in attendance

Questions and comments received:

- Why don't you want to use existing zoning?
- Was this (land use plan) part of the RTA ballot?
- How is the money? Is there still enough to fund the project?
- So the City will encourage businesses to encroach on the neighborhoods?
- How many houses along our stretch of the road (Samos neighborhood) will be acquired?
- I would much rather have more green space than another lane of asphalt.
- Will the developer/property owner have to go through the re-zoning process to use the overlay zone or will it be an entitled right?
- Have decisions been made about how walls will block sound like the walls on Campbell?
- Will the sound barriers be put in as each section is done?
- We were promised sound barriers. They were part of the selling point to our neighborhood.
- There better not be a Wal-Mart.

This is a project of the Regional Transportation Authority.

The voter-approved, \$2.1 billion RTA plan will be implemented through 2026. Details about the full plan are available at www.RTA mobility.com.

The Regional Transportation Authority has a nine-member board with representatives from local, state and tribal governments.

This project will be managed by the City of Tucson.
