Mobility

Vitality

Sustainability

This project is managed by the City of Tucson.

For more information please visit www.grantroad.info or call the project hotline at 624-4727.

Grant-Oracle Open House March 30, 2011 Verbatim comment cards received

- I do not want to see foreign trees in the project. Native only.
- Seems as though you want to use RTA funds. Very damaging to businesses. In hot weather and congested traffic we will not cross an intersection and 6 lights to go back to a business on the other side of the street.
- GREAT! I love the bike integration. However, I am opposed to the left-turn proposal. It's a uniquely "Tucson" feature.
- Involve local school districts in roadway art displays.

This is a project of the Regional Transportation Authority.

The voter-approved, \$2.1 billion RTA plan will be implemented through 2026. Details about the full plan are available at www.RTA mobility.com.

The Regional Transportation Authority has a nine-member board with representatives from local, state and tribal governments.

This project will be managed by the City of Tucson.
